EGI Annual Conference 2024

At the annual EGI conference, international scientific communities, computing and service providers, European projects, security experts, community managers, and policy makers gather to take research and innovation in data-intensive processing and analytics forward, in a safe and open environment with room for in-depth discussion, new insights and networking.

For this edition of the conference, EGI is closely collaborating with Fondazione Centro Euro-Mediterraneo sui Cambiamenti Climatici (CMCC), a leading research center focused on understanding the interaction between climate change and society.

EGI2024 will take place in the Hilton Garden Inn, Lecce (Italy), from the 30th of September to the 4th of October 2024.
