

AdriaMuse: workshop on the euromuse.net Rovinj, Croatia

Content management system of euromuse and other ways of becoming a member.

Adriamuse is funded by the IPA Adriatic Cross Border Cooperation Project 2007-2013 of the European Commission and managed by the Province of Rimini, Italy

Euromuse was engaged by the project as external consultants. Through our participation on the project we achieve to obtain new museums for the euromuse.net network (also with the help of the hermosearch technology).
