

RESHAPING HISTORY

SUMMER EXHIBITION

Discover how the world of 3D is helping to reveal the secrets of our cultural heritage.

By taking a fresh look at some of the most iconic sites and artefacts in the world, this exhibition will literally change the way you look at history.

Some of the world's most famous museums, housing our most precious cultural treasures, are at the cutting edge of 3D technology innovation. Come and see how this is helping us re-discover the hidden secrets of our past. From the ancient Egyptian temple of Abu Simbel to Michelangelo's *David*; a fifteenth century Italian statue destroyed by earthquake to the intricate detailing on medieval coins, this exhibition travels the world to bring you the latest in scientific innovation in the heritage sector.
