

E SPACE

Europeana Space has received funding from the European Union's ICT Policy Support Programme as part of the Competitiveness and Innovation Framework Programme, under GA n° 621037

Museums Hackathon

The Future Museum Challenge

17-18 March 2016

Ca' Foscari University Campus, via Torino 155, 30170 Mestre, Venezia

The Future Museum Challenge will focus on building new products and develop creative ideas to bring museums into the 21st century.

We are looking for innovative and advantageous **creative minds** to accept the challenge of

redefining the museum experience and take their new ideas to market.

Come join us and **win a trip to London** for an intensive Business Modelling Workshop to hone your ideas.
