

# IMMERSE YOURSELF IN EUSCREEN

PROVIDING ACCESS TO  
EUROPE'S AUDIOVISUAL HERITAGE

## AUDIOVISUAL HERITAGE ONLINE

EUscreen offers standardised access to thousands of curated clips and programmes. The portal lets students and researchers explore and experience Europe's sounds, images and events as told through film and television in the 20th and 21st centuries.

## NETWORK FULL OF HISTORY

EUscreen is an expanding network. In it, broadcasters and archives across Europe join forces with media historians and technical experts to create public access to thousands of film fragments, television programmes and supporting information.

## ONLINE CULTURE

EUscreen aligns audiovisual collections and connects them to Europe's online cultural hub Europeana. The network is made up of more than 30 organisations from almost all EU countries.

## PARTNERSHIPS FOR CONTEXT

EUscreen works with external partners to showcase how the materials shared can be creatively and constructively re-used, both in the online and offline world. It also publishes the open access journal VIEW, which provides in-depth analysis of Europe's television history.

## CROSS-BORDER CONNECTIONS

EUscreen aligns audiovisual collections and connects them to Europe's online cultural hub Europeana. The network is made up of more than 30 organisations from almost all EU countries and is an expert hub for publishing contextualised audiovisual collections online.
