CHERISH Survey

In the context of small support project CHERISH, Photoconsortium along with CEPIC, developed their first online survey to collect a wide feedback on existing digital challenges in EU for the image professionals.

The survey takes approximately 15 minutes to complete, and will later be complemented with one-to-one interviews with key stakeholders operating in the sector. The results of the survey and interviews are complemented with an impact assessement action taking place during all CHERISH action.

You can access the survey here >>>]

The information collected with the survey will be managed as aggregated data, with non-disclosure of personal details nor transfer to third parties.

This project has received support through a cascading grant from ECHOES, which is funded by the European Union under Grant Agreement No. 101157364, with the support of UK Research and Innovation (UKRI) under the UK Government's Horizon Europe funding guarantee No. 10110142 and No. 10110466.
