About DISH

Digital Strategies for Heritage (DISH) is the **bi-annual international conference on digital heritage and the opportunities it offers to cultural organisations**. Triggered by changes in society, heritage organisations face many challenges and need to make strategic decisions about their services. This year the fourth edition of the Digital Strategies for Heritage conference is jointly organised by the **DEN Foundation** (Digital Heritage Netherlands), **Het Nieuwe Instituut** and **Europeana**.

Theme and tracks

On the DISH website you can read more about the main theme Money and Power. The four tracks that accompany this theme are: **Lose your modesty!**, **Stand up for yourself!**, **Lose control, gain influence!** and **Power to the people!**.

[Speakers are announced](#) and the preliminary programme is online
