"From Intangible Expression to Digital Cultural Heritage" Erasmus+ project last meeting - Istanbul, 23rd-27th October 2023

"Programme of Small-scale partnership in school education of the Erasmus+ Project
From ?ntangible Expression to Digital Cultural Heritage
European number: 2021-Round 2-KA210-SCH-0A1738D9

Our last meeting in Turkiye took part from 23rd to 27th of October in 2023 with the participation of Instituto Comprensivo ?B.Croce? from Paglieta, Italy and ?$t.St. Cyril and Methodius Primary School from Razlog, Bulgaria. As the host country Turkiye welcomed the students and the teachers in their school named TEV Abdullah Nezahat Erboz Primary School in ?stanbul.

On the first day of the LTT activities Turkish students presented a folk dance show for the guests in order to show a big part of our culture. We have 7 regions in our country and all the regions have their own different folk dance figures. These folk dances are so important for us that we provide most of the students to learn them as the young generation and transfer it to the future generations.

On the second day of our meeting we experienced ?flatbread? making with our guests in order to introduce some examples of Turkish cuisine and make the other cultures to taste them. Beside this all the guests tried Turkish coffee as a new taste and learned how to make it.

As a conclusion, with all these activities we would be maintained the intangible cultural heritage alive and inherited them to the future generations. Sharing makes something bigger and bigger so what we have shared until now will be with all in our minds and in our lives."
