

EUreka3D initiative presented at Digital Heritage 2025

From 8th to 13th September 2025 Antonella Fresa, president of Photoconsortium and EUreka3D-XR Project Coordinator, took part to [Digital Heritage 2025](#), the premier global forum where culture meets cutting-edge technology.

With colleagues from XRculture, 3DBigDataSpace and 3D-4CH Online Competence Centre in the workshop '3D Data in the Data Space for Cultural Heritage?', Fresa presented the Eureka3D initiative and the work ongoing in the EUreka3D-XR project to an audience of selected and very interested attendees.
