# EUreka3D initiative at European Commission cluster event on the data space for cultural heritage

EUreka3D-XR was invited at the [cluster event organized by HaDEA the European Health and Digital Executive Agency in Brussels on 24 September 2025](#). The meeting was organized as a working session to present the project and its progress in support to the cultural heritage sector, with a specific focus on collaboration and synergies with the Common European Data Space for Cultural Heritage and its supporting projects.

The event was also a fruitful session to engage with other projects supporting the Data Space and to share perspectives on 3D and XR solutions for Cultural Heritage Institutions. With colleagues from Europeana Foundation, XRculture, 3DBigDataSpace, RCtoDC, AIforCulture, DEBIAS and LIP3D, project coordinator Antonella Fresa presented the EUreka3D initiative and the work ongoing in the EUreka3D-XR project, also engaging in a panel discussion focused on themes of 3D, AI, XR, reuse and sustainability.

As part of the event, EUreka3D-XR hosted a desk where the EUreka3D Data Hub for 3D collections storage, management and

sharing was presented and demonstrated.
