EUreka3D-XR at IIIF Conference 2026

From June 1st to the 4th, IIIF Conference held its 2026 edition: the event is intended for a wide range of participants and interested parties, including digital image repository managers, content curators, software developers, scholars, and administrators at libraries, museums, cultural heritage institutions, software firms, and other organizations working with digital images and audio/visual materials.

During the forth day of this year's edition of the event, Professor Ronald S. Haynes (University of Cambridge, UK) showcased EUreka3D-XR initiative and the Cyprus pilot of the Saint Neophytos enkleistra during his presentation Prezi 4.0 - Working with 3D & new options.
