

EUreka3D Initiative presented at Europeana Project Month 2026

Organized by Europeana Foundation, Europeana Project Month aims at spotlighting the innovative EU-funded projects the Foundation actively partners on to advancing their mission for the common European data space for cultural heritage. **Europeana Project Month 2026** will offer **interactive, engaging, and dynamic sessions**, allowing **cultural heritage professionals, educators, researchers** and **innovators** to connect directly with project teams, exchange insights and explore new collaborations.

On November 10, opening the event and the session dedicated to 3D digitisation projects, EUreka3D-XR is presented through a workshop starting at 10 CET, with a two hour session divided into three parts according to the following programme:

- 10AM: **Welcome and brief introduction** by Valentina Bachi (Photoconsortium)
- 10:05AM: **Keynote about 3D and XR in Cultural Heritage** by Marinos Ioannides (Cyprus University of Technology and UNESCO Chair on Digital Cultural Heritage)
- 10:35AM: **Q&A, discussion**
- 10:45AM: **Live demo of the EUreka3D Data Hub including Q&A and interactive activity** by Ignacio Lamata Martinez (EGI)
- 11:30AM: **Presentation of EUreka3D-XR learning resources openly accessible to cultural professionals** by Valentina Bachi (Photoconsortium)
- 11:40AM: **Final remarks and conclusions**
