Pescia Paper Museum presented their work as a partner of EUreka3D project during the Segones Jornades de Patrimoni Gràfic 2025

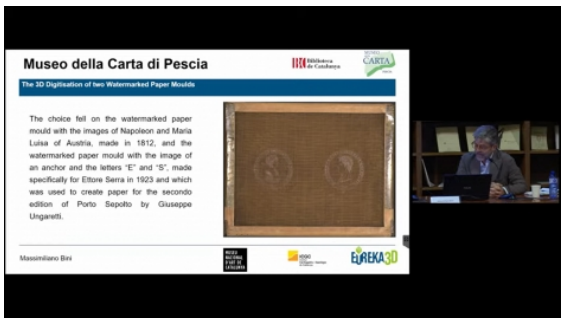

On the occasion of the Segones Jornades de Patrimoni Gràfic 2025, EUreka3D project partner Pescia Paper Museum, which digitalized in 3D their historical paper moulds, gave a presentation to display the project and their achievements within its context and beyond.

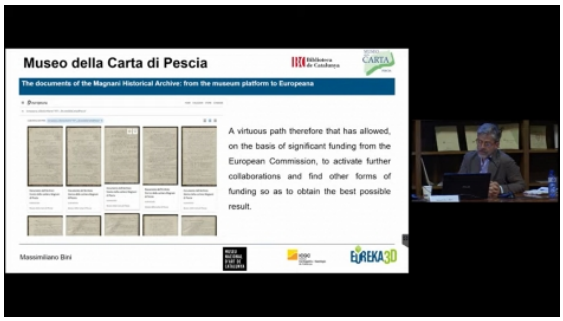

Director of Pescia Paper Museum Massimiliano Bini presenting at Segones Jornades de Patrimoni Gràfic 2025

The Segones Jornades de Patrimoni Gràfic 2025 took place in Barcelona, hosted at the prestigious Biblioteca de Catalunya (Hospital, 56. 08001 Barcelona) on Thursday 19th and at ICGC (Institut Cartogràfic i Geològic de Catalunya) on Friday 20th June 2025. The event aimed to bring together professionals who work daily with this different types of phisical documentation (such as drawings, engravings, prints, posters, maps, etc.) which constitute a unique and relevant testimony to history, culture and artistic manifestations.
