

Pescia Paper Museum to be presenting their work as a partner of EUreka3D project during the Segones Jornades de Patrimoni Gràfic 2025

On the occasion of the Segones Jornades de Patrimoni Gràfic 2025, EUreka3D project partner Pescia Paper Museum, which digitalized in 3D their historical paper moulds, is going to give a presentation to display the project and their achievements within its context and beyond.

The Segones Jornades de Patrimoni Gràfic 2025 will take place in Barcelona, hosted at the prestigious Biblioteca de Catalunya (Hospital, 56. 08001 Barcelona) on Thursday 19th and at ICGC (Institut Cartogràfic i Geològic de Catalunya) on Friday 20th June 2025. The event aims to bring together professionals who work daily with this different types of phisical documentation (such as drawings, engravings, prints, posters, maps, etc.) which constitute a unique and relevant testimony to history, culture and artistic manifestations.
