On 12 May 2015, in Sofia, at the **Ball Room of Radisson Blu Grand Hotel**, the 4th international conference organised by the **NALIS Foundation** was held, under the title "The Challenge to Collaborate in the Digital Age". The event was realised with the support of the **America for Bulgaria Foundation**.

Special guests were: delegates of the **Ministry of Education** and **Ministry of Culture**; members of the Parliament and other official guests; representatives of the **NALIS Foundation**, its founders and associates; representatives from libraries and universities; museums; NGOs (non-governmental organisations) and other cultural organisations.

Among them **Antonella Fresa** from **Promoter SRL**, participating as invited speaker with a talk on **digitisation, creative re-use of cultural content and citizen participation**. In order to validate the **sociological impact of digital cultural heritage and technologies**, Fresa presented some of the successful projects Promoter and NALIS were involved in (in particular EuropeanaPhotography, giving life to the [Photoconsortium Association](#)) and added some words about the ongoing EU projects [E-Space](#), [Civic Epistemologies](#) and [RICHES](#), whereof Promoter is taking care with the role of Technical Coordinator/Communication & Dissemination Manager.
