Florence Heri-Tech 2020, new dates

NEW DATES! 14-16 October 2020

The International Conference Florence Heri-tech: the Future of Heritage Science and Technologies, involves a large number of researches and scholars from around the world and puts the industry's current issues under spotlight, specifically on issues related to innovative techniques and technologies for Cultural Heritage. The Conference is part of the Florence International Biennial for Art and Restoration, an international event attracting prestigious institutions and companies and creating a unique opportunity to bring together the academic word with industry. The Conference will be a significant opportunity to bring together the academic world with industry.

Heri-Tech is the first International Conference to welcome major researchers and scholars from all over the world, focusing on current and future issues in the field on issues related to innovative techniques and technologies. The city of Florence will therefore be the international heart of Restoration and Cultural and Environmental assets as well as a forum for meeting and discussing for experts, operators and enthusiasts from around the world. The Conference will be a significant opportunity for exchange between researchers and companies for the promotion of productive excellence, technological evolution, the greater use of culture for younger sections of the population and specialization in the educational field for graduates and PhD students.
