

Future Technologies Conference (FTC) series, edition 2019

The **Future Technologies Conference (FTC) 2019** is to be held from **14-15 November 2019** in **San Francisco**. FTC is the world's pre-eminent forum for reporting technological breakthroughs in the areas of Computing, Electronics, AI, Robotics, Security & Communications.

FTC attracts researchers, scientists and technologists from some of the top companies, universities, research firms and government agencies from around the world. A **call for papers is open until 01 March 2019**. Each paper will be reviewed by at least three regular PC members or two senior PC members. The acceptance decisions will take into account paper novelty, technical depth, elegance, practical or theoretic impact, and presentation.

The conference programme will include paper presentations, poster sessions and project demonstrations, along with prominent keynote speakers and industrial workshops.

Researchers, academics and technologists from leading universities, research firms, government agencies and companies from 50+ countries present the latest research at the forefront of technology and computing. The 2018 conference successfully brought together technology geniuses in one venue to not only present breakthrough research in future technologies but to also promote practicality and applications and an intra- and inter-field exchange of ideas.

Important Dates:

Paper Submission Due : 01 March 2019

Acceptance Notification : 01 April 2019

Author Registration : 01 May 2019

Camera Ready Submission : 01 June 2019

Conference Dates : 14-15 November 2019

Complete details are available on the conference website : <http://saiconference.com/FTC>

FTC 2019 papers will be published in Springer series "Advances in Intelligent Systems and Computing" and submitted for indexing to ISI Proceedings, EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink.
