ilide Innovative Library in Digital Era, conference 2022

The aim of the **ilide** or **Innovative Library in Digital Era** conferences is to bring subjects fully reflecting its name and present visionary and original ideas based on an extensive experience of the participating experts and institutions. The presentations will be given by leading representatives of the most important institutions dedicated to librarianship, archiving, information technology, cultural and collecting activities.

Main themes of this year's conference are:
? library as a consultancy
? library as a repository
? library as a meeting space / commons
? library as a publishing agent
? library as an analytics engine
? library as user of artificial intelligence
? changing the paradigm of Research(er) Assessments

The conference agenda is available here: https://www.ilide.eu/agenda/
