ILUCIDARE Playground: heritage voices out!

Next 2-3 December a new international event of ILUCIDARE H2020 project will take place in Brussels and online.

The **Playground ILUCIDARE will gather the multiplicity of cultural stakeholders** (individual citizens, communities, entrepreneurs, researchers ..) to debate, share practices and reflections.

The programme will focus on the **relationship between heritage and innovation**, highlighting **the importance of citizen engagement and participatory governance of heritage for innovation in the territories**.
It will include speeches, panel discussions, practical workshops, networking and short sessions.

During the event the **ILUCIDARE Innovation Handbook will be released** which aims to bridge the gap between idea and practice and support heritage-led innovation projects.

The ILUCIDARE Playground will also launch the **ILUCIDARE challenge to support new ideas** on the themes of heritage, innovation and international relations.
