INCULTUM International conference

The INCULTUM project is approaching the conclusion of the EU funding period. A final event is planned to take place on 12 April, 2024 in Guadix, Andalusia, organised by the project's coordinator UGR hosted by ENTURNA Escuela Internacional de Turismo Rural y Naturaleza (Internation School of Rural Tourism).

The conference represents a valuable occasion to present results and outcomes of INCULTUM, to prepare for further exploitation by the partners, and to trigger the next implementation and replication phases in new areas across the European Union.
Experts from the INCULTUM Consortium and from other cultural tourism initiatives will contribute to the event with their experiences, exchanging their know-how and innovation experiences in the domain of cultural and creative tourism.
