INCULTUM presented at Man and Biosphere conference in Garfagnana

On 15th February 2023 in Castelnuovo di Garfagnaga there was a the first event of a cycle of consultative meetings with local stakeholders in the area touched by the ample Man and Biosphere MAB UNESCO Reserve in the Apennines park.

The half day event engaged citizens, local administrations, the Universities and schools, tourist and industrial operators and the third sector representatives to discuss new programmes to reaffirm an alliance of the man and nature in the Apennines.

Among the talks, the INCULTUM Pilot set in Garfagnana and the project's overall innovation strategies were extesively presented by prof. Enrica Lemmi of University of Pisa.
