Info and Networking day on the new PCP and PPI funding opportunities in H2020

The European Commission organises an **Info and Networking day on the new PCP and PPI funding opportunities in Horizon 2020 which will take place on 23 January 2014 in Brussels**.

Horizon 2020 offers in 2014-2015 around 140 Million EURO of EU support for PCP and PPI for procurers across various domains such as European Research Infrastructures, ICT**,** Health, Food / Bioeconomy**,** Energy**,** Transport and Climate Change / Environment.

EC presentations at the Info day will focus on:

- Funding modalities of PCP and PPI support in Horizon 2020 (including also the differences between support for PCP/PPI in Horizon 2020 compared to before in FP7 / CIP).
- New possible synergies between Horizon 2020 and ESIF (Structural Funds) funding for PCP and PPI projects.
- How to prepare/submit a proposal for a call for CSAs for networking procurers or for a PCP/PPI Cofund action (new submission system, proposal template, evaluation criteria, etc).
- And of course there will be also in particular additional info about the open PCP/PPI related calls in the ICT domain

(ICT-35(f) and ICT-36 under the ICT LEIT work program)?
