Intelligent Systems Conference (IntelliSys) 2019 - call for papers

Intelligent Systems Conference (IntelliSys) 2019
5-6 September 2019 - London, United Kingdom

We'd like to invite you to submit your papers/posters/demo proposals for the Intelligent Systems Conference (IntelliSys) 2019 to be held from 5-6 September 2019 in London, UK.

IntelliSys 2019 will focus in areas of intelligent systems and artificial intelligence and how it applies to the real world. IntelliSys provides a leading international forum that brings together researchers and practitioners from diverse fields with the purpose of exploring the fundamental roles, interactions as well as practical impacts of Artificial Intelligence. It is part of the conference series started in 2013.

The conference programme will include paper presentations, poster sessions and project demonstrations, along with prominent keynote speakers and industrial workshops. All submitted papers will be reviewed by experts in the field based on the criteria of originality, significance, quality and clarity.

Important Dates:
Paper Submission Due: 15 January 2019
Acceptance Notification : 01 February 2019
Author Registration : 15 February 2019
Camera Ready Submission : 01 March 2019
Conference Dates : 5-6 September 2019

Complete details are available on the conference website : http://saiconference.com/IntelliSys

IntelliSys 2019 proceedings will be published in the Springer series "Advances in Intelligent Systems and Computing" and submitted for indexing to ISI Proceedings, EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink. The publications within "Advances in Intelligent Systems and Computing" are primarily proceedings of important conferences, symposia and congresses. They cover significant recent developments in the field, both of a foundational and applicable character.
