The conference is in cooperation with the EU Research Infrastructures: DARIAH-EU European Research Infrastructure on e-Humanities and Art, CLARIN-ERIC European Research Infrastructure for Language Resources and Technology, the H2020 MSCA ITN CHANGE project, the H2020 Impactour project, the EU OPHERA project, the EU Photoconsortium, the CARARE Consortium and the Michael-Plus Association, together with the prestigious publisher Springer-Nature.

EuroMed 2022 will focus on interdisciplinary and multi-disciplinary research on tangible and intangible Cultural Heritage, using cutting edge technologies for the protection, preservation, massive digitalization, documentation and presentation of the Cultural Heritage contents. At the same time, it is intended to cover topics of research ready for exploitation, demonstrating the acceptability of new sustainable approaches and new technologies by the user community, SME's, owners, managers and conservators of cultural patrimony.

Researchers and practitioners wishing to participate in the conference have **until 15 June to submit papers** on original works addressing the subjects or related research themes **in the following two categories:**

Protection, Restoration and Preservation of Tangible and Intangible Cultural Heritage
Digital Heritage Documentation and Preservation

More information regarding the themes can be found under the Call for Participation.
It is possible to submit for the event through the on-line submission website available at https://euromed2022.eu/paper-submission/
