

IV International Seminar on Sports Archives: open registrations

Registrations are now open for the **IV International Seminar on Sports Archives**. The event will take place on **September 30, 2024**, both online and on-site at **EspaiCaixa Girona** ? "la Caixa" Obra Social, Plaça Poeta Marquina, 10 (Girona).

The biennial Seminar on Sports Archives aims to bring the history of sport closer to society from multiple perspectives, **highlighting the importance of preserving and making this documentation accessible in both public and private entities around the world**.

The event is aimed at sportsmen and sportswomen, clubs, organisations, sports federations, historians, journalists, researchers, doctors, physiotherapists, archivists, companies and universities (staff and students) managing documents linked to health, sport, history, sociology, etc.

The International Council on Archives (ICA), through the Section on Sport Archives (SPO), aims to make governments and the public aware of the need to preserve and conserve archives belonging to all the individuals, public and private institutions, associations and other organisations linked to the world of sport. To achieve these aims, the ICA / SPO, the Diputació de Girona, the Girona City Council, and the Generalitat de Catalunya are promoting a biennial seminar on sports archives in Girona.
