NEMO's European Museum Conference 2020:Museums Making Sense

The Network of European Museum Organisations (NEMO) invites you to discuss how museums can help visitors make sense of complicated matters ? be it climate change or migration processes or economic relations. Through storytelling methods, museums can help us understand complex interrelations. Museums can work as innovative labs to test different complex scenarios, giving the opportunity to find answers for questions like:

- How do we want to live?
- How could the future look like?

Register to experience the online version of the NEMO European Museum Conference 2020 - Museums making sense. The conference is free of charge.
Spread out over four days, we invite you to take part in morning and afternoon sessions. In the registration form below, please tick the boxes for all of the sessions that you want to join. We will provide you with the individual links to join the sessions shortly before they take place. The links will be sent to the email address that you enter below. In most cases will you be able to join/ leave a session later/ earlier if you have to.
