

OPFCON celebrating 10 years of the Open Preservation Foundation

2020 marks 10 years of the Open Preservation Foundation. To honour this occasion, we invite you to join us at a global celebration on **10 June at the Austrian National Library in Vienna**. OPFCON is transformed into an online event. OPFCON celebrates a decade of OPF, considers our impact on the community, and reflects on our role in the future of digital preservation.

Webpage: <https://openpreservation.org/event/opfcon/>

The theme of OPFCON is **open sustainable digital preservation** and we invite contributions that consider the following areas:

- Knowledge sharing, policy and best practice
- Innovation and technology
- Sustainability through community collaboration
