

PASIG 2016 Conference

Registration is open for the next PASIG (Preservation and Archiving Special Interest Group) conference in Prague:
<http://pasig.schk.sk/wordpress/registration>.

Please note that the **early bird rate of 200?** is available until the end of January. The cost from the 1st February onwards will be 250?.

This is a great opportunity for organisations setting up preservation repositories to collaborate and work directly with leaders in the field. The PASIG is focused on:

- addressing practical preservation questions;
- hearing about best practices and new technologies from global experts;
- investigating the convergence of on-premise architectures and the Cloud;
- how to set up, initiate, and audit the metrics of a preservation project;
- key global project updates; and
- solution provider and end customer collaboration.

PASIG] is a highly collaborative and interactive forum and generally attracts a large contingent of new participants.

A **veraPDF workshop** will be organised in the morning of the first day and the **PREFORMA** project will be presented on the second day the conference by Emanuel Lorrain from PACKED vzw.

Session Overviews include:

Digital Preservation Bootcamp

- Training in concepts, issues, tools, strategies & approaches for Digital Preservation and Archiving.

- Open Preservation Foundation Workshop: veraPDF - definitive, open source PDF/A validation for digital preservationists
- PKX / Practitioners Knowledge Exchange: Case Studies in Preservation & Archiving Architectures and Operations
- Lightning Talks

The Frontiers of Preservation

- Discussions on the recent developments and challenges facing those who are tackling digital preservation.

- Industry Collaboration and Solution Vendor Presentations
- Project Updates and Digital Preservation Community Developments
- Hardening Existing Systems with Preservation Capabilities
