

"Passa il Giro. Immagini e racconti di biciclette" - a new photo exhibition

Organized by [Museo della Grafica](#), and open since Saturday April 19th, it is now possible to visit the photographic exhibition "[Passa il Giro. Immagini e racconti di biciclette](#)", which will remain open until September 30th.

Curated by Professor Alessandro Tosi, the exhibition will be an evocative journey between art and science dedicated to the history, culture and fascination of the bicycle through prints, drawings, sculptures, posters, photographs and historical models.

In the exhibition are included historical photographs harvested from both Europeana and the collection from the Pisan people that carried out in the context of the suggestive [All Our Yesterdays](#) photographic exposition (both digital and physical, 2014): the population was called to share the memories kept in their family's photo albums with the world and now kept in their digitalized version at [Promoter Digital Gallery](#).
