PREFORMA @ FOSDEM Conference 2014

Representatives from the EU FP7 PREFORMA project will participate at FOSDEM 2014 in Brussels, which is the main European conference where open source communities meet, share ideas and collaborate.

During the conference the researchers will network with open source developers and projects in order to promote opportunities for open source development in the context of the PREFORMA project.

FOSDEM is a free and non-commercial event organised by the community for the community. The goal is to provide open source software developers and communities a place to meet to:

- get in touch with other developers and projects;
- be informed about the latest developments in the open source world;
- attend interesting talks and presentations on various topics by open source project leaders and committers;
- to promote the development and the benefits of open source solutions.

For further details visti the Conference website.
