REACH Project at the #OpenKnowledgeWeek on line exhibition

From 27 to 30 October 2020, REACH will participate to the virtual exhibition organized in the framework of the Rock Open Knowledge Week, a four days on line event for city officers, policy-makers, urban researchers, cultural actors and civic changemakers. The event will be joined by more than 50 keynote speakers, hundreds of participants and offers an extensive programme of 20 sessions including talks, live sessions, thematic online seminars and the virtual exhibition to discover the technological solutions developed by ROCK partners and learn about other relevant EU-funded projects focusing on cultural heritage.

To join the exhibition you shall register to the event and then you will be free to visit the booths of the ROCK sister's projects, to make questions to the exhibitors, to plan a B2B meeting, to participate to debates and exchange your knowledge and experience. REACH will be waiting for you!!!
