Second EC concertation meeting for ongoing PCP projects

Antonella Fresa, Technical Coordinator of PREFORMA, attended the second concertation meeting for on-going PCP projects in DG Connect, organised by the European Commission in Brussels on the 5th of March 2015.

The event was organised as an opportunity to network and share experiences on common issues that these projects face while implementing PCPs, in particular focusing on practical issues that concern the actual execution of a PCP.

The topics addressed during the workshop were:

- The transition from PCP to PPI
- How to prepare a PCP call for tender
- The link between PCP projects with other innovation policy measures (standardisation, venture capital and others)
- The transition between the different phases of a PCP project

Download here all presentations (+ a presentation by Mr. Pierre Marro on access to risk finance), the minutes and the final agenda of this meeting.
