

SECreTOUR participation in the 5th project meeting of R.Map

5th Project Meeting

[R.Map](#) project participates in the [SECreTOUR Network of Common Interest](#).

R-MAP is the acronym of the project titled "Mapping, understanding, assessing and predicting the effects of remote working arrangements in urban and rural areas". Its mission is to study the urban-rural gap and to address how it is influenced by remote work.

In the ambit of the 5th project meeting of R.Map held in Milan on 10/3/2026, hosted by its partner Bocconi University, SECreTOUR was invited to share its approach to cultural tourism as a tool for local socio-economic development with particular regard to its pilot on digital nomadism.

The presentation delivered by SECreTOUR is available [here](#) for free download.

Follow SECreTour online also on the [SECreTour project's website](#).
