

## Re-shaping Tourism: Practical Circular and Regenerative Solutions for Sustainable Touristic Destinations

The [SECreTOUR](#) project participates in the webinar organised by the [VERNE](#) project, in collaboration with [Cross Re Tour](#), [Green2Grow](#) and [Regenera4MED](#). The webinar, **Re-shaping Tourism: Practical Circular and Regenerative Solutions for Sustainable Touristic Destinations**, will take place on February 24, 2026 at 14:30 CET.

The event aims to foster practical exchange and peer learning, encourage already existing good practices around sustainable tourism and stimulate discussions, reflections and insights.

The webinar was organized to strengthen the connections inside the SECreTOUR network, of which EUREKA3D initiative is part of, as part of the project's networking activity.
