Succeed in digitisation. Spreading excellence

Succeed is an EU funded project that promotes the take-up and validation of tools and resources for mass digitisation.

The conference schedule will focus on the following blocks based on the main outcomes of Succeed:

- Libraries' experiences in the take-up of tools.
- Results on competitions.
- Roadmap for the future of digitisation in Europe.
- Interoperability of tools for text digitisation.
- Recommendations on formats, standards and licensing schemes related to digitisation.
- Panel discussions on digital humanities / digital conservation

The attendance to the conference is free, but registration is required. To register, please follow this link.
