

Succeed technical workshop on interoperability of digitisation platforms

Succeed project is organizing an Interoperability Workshop to discuss best practices and possibilities for cooperation on a technical level between European Centres of Competence and Digital infrastructures. The workshop will take place on Thursday 2 October 2014 at the National Library of the Netherlands in The Hague.

The aim of the workshop is to discuss best practices and possibilities for alignment and cooperation on a technical level between European Centres of Competence and Digital infrastructures.

The programme consists of the following elements:

- Presentation with a technical focus by each participating project/ infrastructure on their aims, current status, and issues.
- Demos of technical facilities, virtual research environments, and workbenches.
- Discussion and brainstorming sessions on questions related to interoperability.

Representatives of some of the most active projects and infrastructures will participate to the workshop, among which DCH-RP and [PREFORMA](#).

Attendance at the workshop is by invitation only.
