THE BEST IN HERITAGE, global annual survey of award-winning museum, heritage and conservation projects

This year the Best in Heritage celebrates its **15th anniversary**, once more giving a featured selection of the most innovative and inspiring award-winning museum, heritage and conservation projects well-deserved attention from the international, professional community. The gathering will consist of two events, representing a balanced variety of **best practices**, geographically diverse, and accomplished in many different circumstances and contexts: *IMAGINES*, a one day event where **Multimedia and New technology** achievements will be presented; and the core event, with its packed two-day schedule. Altogether **44 projects** will be presented, with representatives from China, the United States, Japan, India, Australia, New Zealand, Canada, Vietnam, Russia and Europe taking the stage.

In addition to the global survey of **best practice**, the conference features rich social and cultural content organised with help of **Dubrovnik Museums**, all taking place in the Renaissance city centre of Dubrovnik, a UNESCO World Heritage Site. The conference is organised in partnership with **EUROPA NOSTRA** & the Endowment Fund of **ICOM**, with the support of the City of Dubrovnik and with sponsorship from **Meyvaert Glass Engineering**.
