The Vesuvius Tourism App is a quick, free and easy way to make this richness available to all. The App is thematically organized, so that the user can choose among many types of unique activities: archaeological sites, museums churches, cultural activities; sport and wellness, locations, nature, but also cinema, music, shows, restaurants, pizzerie, pubs hotels.

The App is created by **Vesuvius Cultural Tourism, a social company aimed to promote the great potential of the Vesuvian territory**, the colors of its landscape and the contradictions of its culture on a global scale. Under the patronage of public bodies, agreements with local companies and the organization of international events, the Vesuvius Cultural Tourism created a social net aimed to promote this area and its activities all over the world.
