Student works - Photography & Video Laboratory

Department of Fine & Applied Arts, School of Fine Arts, Aristotelian University of Thessaloniki (AUTH)

Curated by Georgios Katsagelos & Stelios Dexis

A group of nine young artists, students of the Photography and Video Laboratory of the Department of Fine and Applied Arts, School of Fine Arts - Aristotle University of Thessaloniki, under the guidance of their two professors Georgios Katsagelos and Stelios Dexis, present their **project "Travel"**. Through an academic process, an "artistic osmosis" is taking place, almost automatically, when artists and teachers discuss, work and create for a long period together, in a shared space, in the same laboratory. Apart from the obvious differences between the individual works, the search for common places, common reflections and interactions is an interesting challenge.

The selection includes video projects and video installations of various plastic approaches. The works are fruits of the artistic research during an Academic year, while the common presentation of the works serves as a trigger for young artists to coordinate creatively with their teachers. The works deal with the concept of 'travel?', sometimes as a sketch diary and sometimes as a unified autonomous project, through contemporary approaches both at the technical level and the forms of narration.

The present of a wounded landscape.**

Past present continuous // Curated by Olga & Gioula Papadopoulou

The Balkans. A world that has suffered and endured consecutive wars and crises, a world constantly struggling to express its personality in adversity. How is the current landscape of the Balkans characterized by the specific (economic-social-political) conditions that occurred in the previous years? And how much do memories still influence, mark and even "scar" the way we think about the present?

The selection investigates the connections between the past and the present through works that make references to 7 Balkan countries: Slovenia, North Macedonia, Kosovo, Romania, Serbia, Bosnia and Herzegovina, Bulgaria.
