

Volterra22 Case study presented at the CaTCH Conference

The poster about the case study on Volterra22 has been presented in the framework of the CaTCH Conference, organised by the VAST project in Maribor, Slovenia on 23 October 2023.

[VAST](#) is the acronym of Values Across Space and Time. It is a project funded under Horizon 2020 that participates in the [UNCHARTED](#) Network.

The conference discussed the theme of **capturing the intangible of cultural heritage**.

The poster about the UNCHARTED case study on Volterra22 is available for [download \(PDF\)](#).

The presentation of the poster about the UNCHARTED case study on Volterra22 has been accompanied by the delivery of a video that is accessible on [Youtube](#).

The full study about the Case of Volterra22 is available as a book that is downloadable from the UNCHARTED website in [Italian](#) and [English](#) versions.
