

WATIFY: Inspire to Transform

WATIFY: Inspire to Transform takes place on 2 May at DNK - Space for Contemporary Dance and Performance, National Palace of Culture (Sofia, Bulgaria) and is organised by [WATIFY](#), an awareness-raising campaign funded by the European Commission to stimulate the technological transformation of Europe's business.

Transformation needs inspiration. **WATIFY: Inspire to Transform** brings insights on technology, transformation and innovation to Sofia for a day of learning, co-creation and connection. Like-minded innovation leaders will come together from across Europe to tell their stories and prototype their future.

An interactive, dynamic and disruptive event, **WATIFY: Inspire to Transform** will showcase stories of technological transformation and innovation in European start-ups and SMEs, engage you in the co-creation of ideas and solutions to challenges, and create connections. With a mix of visual presentations, interactive workshops and immersive technology design, the event aims to spark transformation and collaboration for the spread and evolution of technology and ideas.

This interactive event is partnering with the high-level event [Smart Specialisation and Technology Transfer as Innovation Drivers for Regional Growth](#) happening on 3 & 4 May and organised under the auspices of the Bulgarian Presidency of the EU Council

The event is organised with the support of [MOVE.BG](#) and [Enterprise Europe Network Bulgaria](#).
