WEAVE goes to ILUCIDARE Playground

ILUCIDARE is a European funded project which promotes heritage as a resource of innovation and international cooperation. Its ambitions are to establish an international network promoting heritage and contributing to the overall objectives of the EU strategy for international cultural relations and of the EU international cooperation in research and innovation.

ILUCIDARE will maintain the legacy of the 2018 European Year of Cultural Heritage also by a series of engagign events, the next of which is taking place in Brussels and online on 2-3 December. The event will be accessible from anywhere in the world through a dedicated digital platform, presenting a full programme of inspirational speeches, panel discussions, practical workshops, networking and short enticing sessions to share reflections and the latest experience of the ILUCIDARE partners in heritage-led innovation and international relations.

The WEAVE coordinator Alex Stan from IN2 will join this international event presenting our project, so to stimulate interaction and create collaborations.
