## **LINKING HERITAGE INFORMATION WP**

Explores the state  
of the art in linked data  
and its applications  
and potential.

## TERMINOLOGIES WP

Develops a Terminology Management Platform that will allow creating and updating a network of multilingual cross-domain thesauri and controlled vocabularies in a collaborative way.

## **PRIVATE-PUBLIC PARTNERSHIP WP**

Aims to enable the discovery of in-copyright, commercial products in Europeana, from all four media types currently supported by Europeana (books, music, photography, film), and linking to the full content in online retail environments so that items can be purchased.

## **ELEARNING WP**

Acts both as a locus for sharing ideas and discussions on e-learning issues and as a studio where participants contribute to the development of Learning Objects on the most relevant topics of the project.
