Objectives overview

CIVIC EPISTEMOLOGIES

Development of a Roadmap for Citizen Researchers in the age of Digital Culture

- CIVIC EPISTEMOLOGIES aims to develop a **Roadmap** which defines the major steps to bring citizens, and their associations, into the research processes of the digital cultural heritage
- The **Pilot and Case Studies** of CIVIC EPISTEMOLOGIES explore new creative approaches for the citizens' engagement with cultural heritage
- **Cooperation and synergies** are established with other initiatives and experiments of co-creation and creative collaboration

Outcomes

- **Roadmap for Citizen Science** downloadable at www.civic-epistemologies.eu/roadmap
- **Registry of Resources** (tools, workflows, approaches, solutions, demonstrators, and applications useful for supporting the involvement of citizens in the scientific development process) constantly growing available online at www.civic-epistemologies.eu/registry

your contributions for Roadmap and Registry would be very well appreciated

ROADMAP FOR CITIZEN SCIENCE

The main objective of CIVIC EPISTEMOLOGIES is to design a sound Roadmap for the implementation of an e-Infrastructure:

- to enable creation, access, use and re-use of DCHH content.
- to provide learning resources.
- to provide communication services to multidisciplinary research teams located in different geographic places.
- to enable citizens to participate in a range of research goals established at European level together with cultural institutions and universities.
