

EUreka3D - European Union's REKonstructed content in 3D

DIGITAL-2022-CULTURAL-02 project n. 101100685
In negotiation phase - expected to start in 2023

Antonella Fresa (Photoconsortium)

Presenting EUreka3D

Digital Heritage Research Laboratory

BIBRACTE

Official Media Partner
DIGITAL CULTURE
www.digitalmeetsculture.net

- Coordinator: PHOTOCONSORTIUM
- Partners:
 - Cyprus University of Technology
 - CRDI Ajuntament de Girona
 - BIBRACTE
 - Museo della Carta (Museum of Paper)
 - Europeana
 - EGI Foundation
 - Affiliate partner: AGH Cyfronet

Main work across 24 months

- Aggregation of a rich variety of **new content in Europeana** (two new content providers onboard) - Photoconsortium
- **Capacity building in the area of 3D** digitization and holistic documentation of 3D content, according to the recent VIGIE Study on quality in 3D digitisation of tangible cultural heritage - CUT
- **e-infrastructure** services development - EGI/AGH Cyfronet
 - Access to computing and storage resources managed in Europe
 - Publication of services on EOSC
 - Pilot on authorization and authentication with different levels of interaction with Europeana services.
- **Europeana editorials** and communication - CRDI

Collaboration and synergies

- **Network of common interest**
- **Piloting activities on e-infrastructure services**
- **Capacity building on 3D**
 - Programme of events online and onsite
 - Advertised via Pro and Basecamp
 - Presentation of 3D content generated in the project
- **Project's events**
 - Kick-off in Pisa (early 2023) including a networking session with other GS projects
 - Final conference in Girona (end 2024)
