8 cases to experiment innovation

- **Bibracte - Morvan des Sommets:** 140 km long cultural route linking villages by making the best use of the existing dense network of historical paths in a depopulated area
- **Traditional irrigation systems in South-East Spain:** irrigation system dating mainly from the Middle Ages during the Islamic period, extending throughout the area, from the high peaks (with systems of artificial aquifer recharge and artificial pastures) to the more fertile lowland areas generating oases in the middle of the desert
- **The heritage of the Vlach ethnolinguistic minority in the Upper Vjosa valley (Albania):** an ethnolinguistic group distinguished by their language, which is a dialect derived from Latin, and their ways of living, based primarily on pastoral transhumance.

- **Rural Roma heritage in Hungary:** the largest minority group in the Eastern-European countries characterised by varied ethnic and socio-cultural features
- **Historic graves of Ireland and the Irish diaspora :** a community-focused participatory environment sharing grassroots heritage
- **Renaissance of mining-related cultural heritage and heritage communities in central Slovakia :** a rural and remote area that has a history of mining and is associated with rich cultural heritage

- **Digital nomadism in heritage-rich communities, Idrija (Slovenia)** : a 500-year history started with the discovery of mercury and its lively mining settle-men

- **San Giorgio, the Threshold of the Sacred Mountain (Switzerland)** : geologically made up of Mesozoic rocks characterized by a high fossil content, preserved in excellent condition, an extensive presence of works of art and religious architecture, testimonies of the living culture linked to the mountain, extremely important evidence of biodiversity
